GRIEVANCE PROCEDURE

A. Definition:

For the purpose of this Agreement, a grievance shall be defined as:

Any complaint by a teacher or a group of teachers, covered by this Agreement, that there has been a violation, misinterpretation, misapplication, or inequitable or unfair application of this Agreement.

B. Purpose:

The general purpose of this procedure is to secure at the lowest possible administrative level equitable solutions to any problems which may arise in the application of this Agreement. Both parties agree that proceedings hereunder will be kept as informal and confidential as may be appropriate at any level of the procedure.

C. Time Limits:

All time limits herein shall consist of in session school days. The time limits indicated hereunder will be considered maximum unless extended by mutual agreement. Such mutual agreement must be in writing.

In the event a grievance is presented in the latter part of the school year and there will not be a sufficient number of in session days to resolve the grievance, the remaining time required, exclusive of Saturdays, Sundays and legal holidays, will be considered as in session days.

D. Informal Procedure:

The aggrieved teacher, pursuant to the general purpose of this procedure, shall discuss individually, or with Ashland Educators Association representation, the problem with his/her immediate supervisor/building principal within ten (10) days from the date of event on which the grievance is based or within ten (10) days from the date the aggrieved should have had knowledge of its occurrence.

If the problem is not resolved to the satisfaction of the aggrieved teacher within seven (7) days after discussion has been initiated, it shall then be deemed that a reasonable effort has been made to obtain an equitable solution under this part.

E. Formal Procedure:

If informal discussion has failed to provide an equitable solution, or such discussion has been rejected as an approach to a solution, formal proceedings may be instituted. All such proceedings, unless otherwise stated, will begin at Level One as follows:

1 Level One:

A teacher with a grievance will present it to his principal either directly or through the Association's grievance committee within seven (7) days from the expiration of the Informal Procedure. In the event that the teacher is not directly responsible to an individual principal, he will then present it to his immediate supervisor.

2 Level Two:

If the grievance is not resolved to the satisfaction of the teacher within seven (7) days after submission at Level One, the teacher, or the teacher accompanied by the Association's grievance committee, shall present the grievance in writing to the Superintendent of Schools. Beginning on the 7th day the teacher will have seven (7) days to present the grievance to the Superintendent.

6. Failure to present a proper written statement within the applicable time limit shall be deemed a waiver of the grievance.
7. When it is necessary, pursuant to the grievance procedure, for a member of the Association to investigate a grievance or attend a grievance meeting or hearing as a result of an Ashland grievance during the school day, he/she will be released only by mutual agreement between the Association and the Superintendent of Schools.
8. The Association may represent any teacher having a grievance at any stage of informal proceedings; however, nothing herein contained will be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the administration and to have the grievance adjusted without intervention of the Ashland Educators Association.

G. Arbitration

- 1 If the grievance is not resolved at Level Three, the Association may initiate arbitration of the grievance by giving written notice to the School Committee of the desire for arbitration within fourteen (14) days of the receipt of the School Committee's decision.
- 2 The School Committee and the Association will abide by the rules of the American Arbitration Association in the selection of an arbitrator.

The teacher will also have the right to submit a written answer to such material, within fifteen (15) days to such material, and his/her answer shall be reviewed by the Superintendent of Schools and attached to the file copy.
- C. Any complaints, seriously considered by the Committee or any administrator, regarding a teacher, made to any member of the administration by any parent, student, or other person will be promptly called to the attention of the teacher.

Teachers may leave after student dismissal time when all professional obligations have been met. Notwithstanding the above, teachers at the secondary level are expected to be available to students at least one (1) day a week in order to provide extra help. On designated extra help days, teachers may leave twenty-five (25) minutes following student dismissal if no students arrive for extra help. The day designated for extra help shall be determined by the educator, subject to the approval of the principal, which shall not be unreasonably withheld, and, once established, communicated to students and their parents or guardians. - H. Academic subject teachers in the Middle and High Schools will not be assigned, except in emergencies, more than seven (7) periods consisting of one (1) duty period, one (1) planning period and not more than five (5) teaching periods. However, it is agreed that if a teacher is assigned fewer than five (5) teaching periods on any given day, or if an emergency condition exists, a teacher may be assigned more than one duty.

Full time Middle School Teachers will receive a minimum of forty-three consecutive minutes of preparation time per day and full time High School teachers will receive a minimum of sixty-five consecutive minutes of preparation time per day. Full time Warren and Mindess school teachers will be given a minimum of forty consecutive minutes of preparation time per day. Part time teachers at each level will receive pro-rated preparation time.

The Association and the School Committee agree that the Superintendent will attempt to minimize the scheduling of part-time teachers to duties that are not contiguous to teaching periods. Each part-time employee's full-time equivalent (FTE) shall be calculated to include all District professional development and all professional development in the building(s) to which such employee is assigned. Each part-time employee shall attend such professional development except when excused in advance by the Superintendent or her/his designee.

Early dismissal constitutes that day's preparation period at all schools. However, the administration agrees and will make every effort to implement an amended, shortened student class schedule at the high school and middle school.

Teacher duties will be assigned on an equitable basis.

The School Committee and the AEA agree that a teacher's primary duty is to teach; however, teachers may be assigned on an equitable basis to certain duties that meet the needs of the students while maintaining a safe, orderly, and supportive school climate.

Notwithstanding the above, upon the implementation of new student start and dismissal times, staff may, by majority vote (of those participating) decide to hold the designated staff meetings before the start of the school day. On Early Release Days, teachers shall make themselves available for professional development, grade level and department meetings, and parent/teacher conferences thirty (30) minutes after the students have been dismissed.

For professional development only, the staff at a school may waive this thirty (30) minute break, start professional development immediately after the students have been dismissed, and, end professional development thirty (30) minutes prior to the regular professional development end time.

No full-time teacher will be required to participate in job sharing. Benefits for persons participating in job sharing shall be pro-rated based on one full time equivalent. The Administration reserves the right and has full discretion to approve or deny each request for job sharing in order to ensure that the quality of the educational program for students is not compromised. (See Appendix A)

O. Flexible Time for High School Teachers

Upon implementation of block scheduling at the high school, unless an emergency situation exists, the administration will allow high school teachers flexible scheduling as follows:

1. If the teacher's preparation period is the first period of the day, he/she shall be allowed to conduct such preparation period off-site and shall report to the high school at least ten (10) minutes prior to the start of the second period.
 2. If a teacher's preparation period is the last period of the day on Fridays only, he/she shall be allowed to leave the high school early and conduct such preparation period off-site.
- P. When a teacher teaches courses in more than one department, he/she shall be assigned to that department for meetings and supervision where he/she teaches the majority of his/her classes. In cases where the teacher's work load is equally split in more than one department, the Principal shall assign the teacher to one department for meetings and supervision.
- Q. All teachers who have a teaching assistant assigned to their classroom more than 0.5 time, shall provide ongoing feedback and direction to their teaching assistant. Teachers shall not be responsible for determining the continued employment of a teaching assistant. Principals shall inform teachers of this process prior to October 1 of each school year. In addition, principals shall provide support, guidance, and a teaching assistant job description to teachers who are affected by this section.
- R. Before the start of the student school year, teachers will receive training and have the opportunity to receive guidance on how to access IEP and 504 information. ARTICLE VIII

TEACHER ASSIGNMENT AND TRANSFER

- A. Notification in writing will be provided to teachers and the Ashland Educators Association, on or before June 1, prior to the start of the next school year where there is a change in the teacher's assignment for the coming year, including the school to which they will be assigned, the grades and/or subjects that they will teach, and any special or unusual classes that they did not have at the close of the school year. Individual teacher programs will be provided on or before June 1. Any such change will be by mutual agreement except when the educational requirements of the System or pupils make teacher transfers or other assignments necessary. In these instances, transfers will be made only after a meeting between the teacher involved and the principal, at which time the teacher will be notified of the reasons for such transfer. Individual desires of the teacher will be respected to the extent possible. It is understood that changes in enrollment of ELL and SPED students over the summer months may require changes in teacher's assignments and those teachers affected by these changes will be notified as soon as possible prior to the opening of school but no later than one week before Teacher Opening Day of School. Written notice of changes in teacher assignments will be given to the Association President.
- B. In order to assure that pupils are taught by teachers working within their areas of competence, teachers will not be assigned outside the scope of their teaching certificates unless by mutual agreement. This shall not preclude any individual from teaching outside of their area of competence (teaching certificate) in the case of emergency, as long as such time does not exceed one school year in duration.
- C. For teachers who are assigned to more than one school, an effort will be made to limit the amount of inter-school travel. Subject teachers at the approval of the Superintendent of Schools will be reimbursed at the Town rate-per mile for travel allowance payable in June.
- D. Teacher assignments will be made without regard to race, creed, color, religion, nationality, gender or marital status.
- E. A teacher who volunteers to substitute for the principal or assistant principal is relinquished from all official responsibilities relating to that position.

ARTICLE IX
VACANCIES AND PROMOTIONS

- A. Whenever any vacancy or new professional position under the scope of this contract is created during the school year and a decision is made to fill the position, it will be adequately publicized by the Superintendent by emailing a copy of the posting to each teacher's school email address as far in advance of the appointment as possible. The Association President will receive a copy of the posting before or at the time of posting. Information pertaining to vacancies or new professional positions during the summer months will be sent by the Superintendent to each teacher's school email address.

The qualifications for the vacancy or new position, its duties, and the rate of compensation, will be clearly set forth. The qualifications set forth for a particular position will not be changed when such future vacancies occur, unless the Association has been notified in advance of such changes and the reasons therefore. No vacancy will be filled except on a temporary basis, within seven (7) school days from the date the notice is posted in the schools or the giving of notification to the Association members.

- B. All teachers will be given adequate opportunity to make application for vacancies and new positions and the Superintendent or his/her designee agrees to consider the professional background and attainments of all applicants. In filling such vacancies, consideration will be given to qualified teachers already employed by the school district and each applicant not selected will, upon written request, receive a written explanation from the Superintendent or his/her designee. In the event the district determines it is necessary to repost a vacancy or new position, it will be posted per paragraph A.
- C. During the period covering July 1 - October 1, Sections A and B shall be waived by mutual consent of the Superintendent or his/her designee and the Association President or his/her designee. However, the Administration will make every effort to carry out the intent of Section A and B during that time.
- D. Whenever a professional position within the bargaining unit is filled by the Superintendent or his/her designee, the Association President or his/her designee shall be so notified and given the name of the person appointed to the position.
- E. When the qualifications necessary to fill a position change, it will not be considered a vacancy and the position will not be posted if the person currently filling that position meets the new qualifications. If the person currently filling that position does not meet the new qualifications, the position will be considered vacant and the position will be posted in accordance with Article VIII. Transfer requests for this position will be accepted in accordance with Article VII.
- F. Appointments will be made without regard to race, creed, color, religion, nationality, gender, or marital status.

ARTICLE X
SUBSTITUTE TEACHERS

- A. Every effort will be made to obtain substitute teachers. In the event a substitute cannot be obtained, regular teachers will be assigned on an equitable rotating basis for not more than two (2) periods a week with the exception of those who had been teaching seniors prior to June graduation.
- B. In the event a substitute cannot be obtained, an emergency such as referred to under Article VI, Section H, shall be deemed to exist.

ARTICLE XI
POSITIONS IN SUMMER SCHOOL AND UNDER FEDERAL PROGRAMS

Positions in the Ashland summer school and positions under Federal Programs will be filled by the most qualified individuals. Ashland teachers will be given first consideration.

ARTICLE XII
USE OF SCHOOL FACILITIES

The members of the Ashland Educators Association may use school buildings and athletic facilities without cost on a non-interference basis for non-fee based functions approved in advance by the Superintendent of Schools and/or his designee. Members of the Association will be responsible for all building fees if the use of the building is used for a fee based program for which the teacher retains a fee. Approved facilities on non-school days may be subject to janitorial fees.

ARTICLE XIII
TEMPORARY LEAVES OF ABSENCE

A. Bereavement Leave

- 3. The Superintendent has the sole discretion to grant up to and including five (5) additional days of funeral leave with pay to a teacher. The Superintendent has the sole discretion to grant additional

unpaid funeral leave days to a teacher. The decision(s) of the Superintendent in the exercise of her/his discretion in this subsection 3 shall not be subject to grievance or arbitration.

- B. Up to five (5) days personal leave with pay will be granted, at the discretion of the Superintendent of Schools. Request for Leave will be submitted through the on-line process. However, the building principal may grant personal leave on an immediate basis for reasonable requests. Personal leave may be taken in full day, half day, or hourly increments. The parties shall pilot the use of hourly increments for the duration of this Agreement. Unless the parties agree to incorporate the use of hourly increments into a successor agreement, such use shall not continue beyond the duration of the 2021-24 Agreement.

It is understood that absence of the teacher interrupts the education process and must, therefore, be held to a minimum. It is therefore agreed that teachers will make every effort to attend to their personal business on non-working hours and that a request for personal leave will be submitted only after every effort has been made to schedule such business so as not to interfere with the teaching commitment. Teachers will exercise discretion in using such days, and in no event will such days be used for personal recreation or outside occupation.

Up to two (2) single personal leave days with pay may be submitted as pressing family emergencies or obligations which cannot be taken care of during out-of-school hours.

The leave of absence shall begin when, in the opinion of the teacher and her doctor, such action becomes advisable. Such teacher may be required to furnish a written statement from her doctor indicating her fitness to continue in her position.

2. Parental Leave without pay

The intent of this section is to grant a parental leave not to exceed two (2) years or ending at the start of the second work year after the birth of the teacher's child, whichever comes first. Before returning, a teacher may be required to submit a doctor's certificate of fitness. The teacher must notify the Superintendent in writing within one hundred twenty (120) calendar days of the birth of the teacher's child of the following:

Alleged violations of the MPLA are not subject to the parties' grievance and arbitration procedures.

The Federal Family and Medical Leave Act of 1993 ("FMLA") entitles eligible employees to take unpaid, job-protected leave for specified family and medical reasons. FMLA leave will be granted in accordance with the applicable federal laws and statutes. The employee must request FMLA leave in writing on the FMLA Leave Request Form (as shown in Appendix B) and submit the form to the Superintendent prior to the start of the FMLA leave.

The School Committee agrees to include information in the Employees Handbook on MPLA and FMLA leave laws and will explain how these laws affect maternity/parental leave for Ashland Public School employees.

The Committee and the Association also agree that the Association will receive a copy of the Employee Handbook, prior to release to employees, so that the Association will have a chance to review the handbook only for the purpose of compliance with the bargaining contract. This review will be done in a reasonable time period so as not to hold up the release of the handbook to employees.

Employees who have not been hired for regular, full or part-time positions in the School District, or who are on temporary status (e.g., teachers filling in for leaves of absence or long-term substitutes) will be laid off first, provided there is a professional employee available who is certified for the position in question.
- C. In the event that there is a need for further reduction in staff members (i.e., a reduction cannot be accomplished through attrition or the laying off of teachers who have not been hired for regular, full-time positions or who are on temporary status), no teacher with professional teacher status shall be laid off pursuant to a reduction in force if there is a teacher without such status for whose position the covered employee is currently certified.
- D. If the superintendent determines that there is a further need for reductions in staff after following the procedures set forth in Sections A-C above, professional employees with professional teacher status shall be laid off using the following procedure: professional employees with professional teacher status, shall be laid off within their discipline area(s) based on their job performance and the best interest of the students. A teacher's job performance shall be defined as the teacher's past summative overall evaluation ratings as compared to other teachers' past summative overall evaluation ratings in the discipline targeted to be reduced. The number of summative evaluations compared will include all those evaluations written for teachers during the time equal to the most recently hired professional status teacher in the targeted discipline. Ties in the determination of performance shall be broken by seniority. When the Superintendent determines that the best interest of students supersedes the job performance and seniority of PTS teachers, the Superintendent shall inform the Association President of her/his decision and explain such decision. The Superintendent shall then meet with the PTS teacher to be laid off to explain the decision with the Association president. A teacher's placement on the salary schedule shall not be a factor in the consideration of the best interests of students.
- E. A professional employee who is laid off as a result of Section D above may be entitled to displace a teacher in another discipline using the same criteria in Section A through D above, and provided that the professional status member initially targeted for layoff is already certified in that discipline and has taught in that discipline within the five (5) previous consecutive school years immediately prior to taking the position.
- F. Members who are to be laid off through a reduction in force shall be notified in writing by June 1 of the school year preceding the school year in which the reduction will take effect.

Section 2 – Disciplines, Qualifications & Seniority

- A. For purposes of this Article, the word “disciplines” shall be interpreted consistent with state regulations containing the different academic disciplines in which a professional employee may be certified.
- B. “Qualified” means that a professional employee has on file with the Superintendent evidence that he/she is certified in a particular discipline prior to the School District notifying him/her of his/her layoff. It is the responsibility of the teacher to provide the Superintendent with copies of all current certifications. The parties agree that a K-8 certification qualifies a member to teach up to Grade 5 only. The parties further agree that members may only teach in their content certified area in Grades 6-12.
- C. For purposes of this contract, seniority shall be defined as a professional employee’s length of continuous employment in the Ashland School System measured in years, months and days from the date of the professional employee’s first day of employment in the bargaining unit. Administrators who return to the bargaining unit at any point in time after serving as administrators in Ashland shall retain any previous seniority that they accrued when they were originally in the bargaining unit, however, they shall not accrue any additional seniority during the time that they serve as administrators.
- D. Those members who started working on the same day and year will be considered to have identical seniority. The Superintendent will determine which of these teachers will be laid off if a reduction in force is necessary. In cases involving members who have identical seniority, the needs of the system, qualifications, and highest educational attainment may be considered in determining who shall be released.
- E. In computing seniority, time spent on any authorized leave of absence shall not constitute a break in service. Seniority will not accumulate during any unpaid leave of absence except for statutory maternity leaves of absence for up to eight (8) weeks. Members on a leave of absence shall be eligible to be laid off as though they are currently serving on active duty.
- F. An updated list specifying the seniority of each member of the bargaining unit, in the disciplines set forth in Section 2, will be prepared by the Superintendent and forwarded to the Association by February 1 of each school year.

Section 3 – Recall

- A. Professional employees who have been laid off shall be entitled to recall rights for fifteen (15) months (hereinafter “the recall period”) from the effective date of the layoff.
- B. During the recall period, professional employees on recall shall be given preference to any vacancies or new positions for which they are certified in the inverse order of their lay-off.
- C. Professional employees on recall shall be notified via certified mail of any vacancies or new positions for which they are qualified. Notices will be sent to the professional employee’s last known address on file with the School Department. Professional employees shall be responsible for keeping the Superintendent informed of any changes in their mailing address.
- D. The failure by any professional employee to apply in writing to the Superintendent for an open, full-time, permanent position within his/her area of certification within seven (7) calendar days after receipt

of notice of vacancies or new positions shall constitute a waiver of all recall rights and eligibility under this section.

- E. All benefits, including salary and professional teacher status, to which a professional employee was entitled at the time of his/her layoff shall be restored in full upon the professional employee's re-employment with the School Department within the recall period.
- F. During the recall period, members who have been laid off shall be given preference on the substitute list if they so desire.

Section 4 – Laid Off Members

- A. During the period of time that any professional employees are within their recall period, the Superintendent agrees not to hire any new teacher unless no professional employee on recall is currently certified to fill the position.
- B. To the extent allowed for by law and Town of Ashland policies, laid off professional employees may continue group health and life insurance coverage during the recall period as provided by the Committee to members of the bargaining unit by paying the one hundred percent (100%) of the premium for such insurance to the Town Treasurer. In the event any such professional employee fails to make payment of said premium or refuses any offer of recall during said fifteen (15) month period, his/her option to continue such insurance(s) coverage under the terms set forth in this Section shall terminate, however, this shall not limit any rights that the professional employee may have under COBRA to health insurance.

APPENDIX A

JOB SHARE AGREEMENT

The Ashland Public Schools supports the belief that job-sharing can be a beneficial arrangement for students, teachers, and administrators.

Definition: A job-share occurs when two individuals assume the responsibility for all the functions of one full-time position

Application Criteria:

Teachers who apply for a job-share position will satisfy the following criteria:

1. Currently employed in the district
2. Certification at appropriate grade level
3. Three years of satisfactory evaluations
4. Compatible teaching styles (as determined by the principal)
5. Professional status

Application and Reapplication Process:

1. Applicants must apply jointly.
2. Applicants will submit a completed job share application to the Superintendent of Schools by December 31 of the current school year.
3. The Superintendent of Schools has sole discretion to approve or deny a job-share request. However, the Superintendent will consider the recommendation of the building principal when rendering a decision.
4. After reviewing the job-share application, the Superintendent will notify the applicants of his/her decision. Decisions will be provided before June 1 of the current school year. The superintendent may hold discussion(s) with the applicants should she/he have need of additional information or clarification of the information provided on the job-share application.
5. There will be a maximum of two job-shared classrooms or teaching positions per school per year. This number may be increased at the discretion of the Superintendent.
6. A committee consisting of the building principal, department chair (if applicable), and Assistant Superintendent will conduct an end-of-year evaluation of the job-share. The evaluation may include, but not be limited to, summaries of observations, walk throughs, and meetings conducted by the building principal and job-share participants.
7. It is intended that a job-share will be for the period of one complete school year and not for partial years. A job-share is for one year. However, participants may reapply to continue the job-share beyond one year. The decision to continue the job-share is at the discretion of the Superintendent. However, the Superintendent will consider input from the committee described in #6 when rendering his/her decision.

Substitute Teaching:

1. Should one teacher be unable to attend school on her/his assigned day, the job-share partner will make every attempt to fill in for her/his partner. The partner will be asked to substitute. If this arrangement is not possible, the normal substitute procedure will be followed.

Changes in the Arrangement:

1. If the Superintendent deems it in the best interest of the students, he/she may terminate the arrangement at any time, with a minimum of two weeks notice to the partners. At that time, the Superintendent has the sole discretion for reassignment of both teachers for the remainder of the school year
2. Should the job-share be dissolved after the first year, each partner shall return to their original full-time position.

3. In the event one partner takes a leave of absence, the remaining teacher will be offered the full-time responsibilities of the classroom position. If the remaining teacher is unable to assume full-time teaching, then a long-term substitute teacher will be appointed to fulfill the other half of the job share.

Evaluation:

Both teachers shall be evaluated under the observation-based evaluation cycle during the job-share unless another option is approved by the building principal in advance.

Compensation and Benefits:

1. Compensation will be based on each partner's Full Time Equivalent.
2. Sick leave will be pro-rated based on each partner's FTE.
3. Personal time will be pro-rated based on each partner's FTE.
4. Benefits will be pro-rated based on each partner's FTE.
5. Full step credit will be granted for each year of job-share service.
6. Seniority will be granted for each year of job-share service.
7. A job-share partner who changed his/her position in order to participate in the job-share will have attachment rights for one school year to his/her former full-time position.

Professional responsibilities:

1. The work week schedule of each partner will be determined by the principal with input from the participants in consideration of what is deemed to be in the best interest of the students.
2. Both teachers will meet with the principal in October, December, March, and May to review the job-share and make suggestions for modifications.
3. Both teachers will attend faculty meetings, open houses, and school-wide events such as curriculum nights, etc.
4. The teacher working on the given day will attend grade level/department meetings and assume responsibility for non-instructional duties
5. Both teachers will attend all professional days and half-days that are used for professional development or curriculum development.
6. Both teachers will participate in the evaluation of their job-share. This includes:
 - Attending meetings listed in #2 above
 - Review of Principal evaluation documents
 - Completing a self evaluation of the experience

Classroom responsibilities:

1. Should one teacher be changing grade levels or courses, she/he will provide the principal with a detailed plan that shows how the teacher will learn the curriculum, scope and sequence, etc. of the new grade level or course. The plan may include observations, readings, course work, etc.
2. Both teachers will work full-time the first 5 days of school.
3. Both teachers will provide information to parents (hand-outs, web page, presentation, etc.) during the first week of school. The information will describe how instruction is organized, the collaboration and communication that will occur between teachers, and the procedures in place to provide continuity in all aspects of the classroom (e.g. homework, behavior, etc.)
4. Teachers will jointly prepare progress reports and report cards
5. Where practicable, both teachers will attend T.A.T. meetings and all individual parent meetings and parent-teacher conferences
6. Both teachers will attend I.E.P. meetings
7. Both teachers will develop and maintain a system for communication between themselves
8. Both teachers will develop and maintain a system for communication with parents

1) Purpose of Educator Evaluation

- A) This contract language is negotiated and based on M.G.L., c.71, § 38; M.G.L. c.150E; and the Educator Evaluation regulations, 603 CMR 35.00 et seq.; In the event of a conflict between this collective bargaining agreement and the governing laws and regulations, the laws and regulations will prevail.
- B) The purposes of evaluation are:
 - i) To promote student learning, growth, and achievement by providing Educators with feedback for improvement, enhanced opportunities for professional growth, and clear structures for accountability, 603 CMR 35.01(2)(a);
 - ii) To provide a record of facts and assessments for personnel decisions, 35.01(2)(b);
 - iii) To ensure that every school committee has a system to enhance the professionalism and accountability of teachers and administrators that will enable them to assist all students to perform at high levels, 35.01(3); and
 - iv) To assure effective teaching and administrative leadership, 35.01(3).

2) Definitions

- A) **Artifacts of Professional Practice:** Products of an Educator's work and student work samples that demonstrate the Educator's knowledge and skills with respect to specific performance standards.
- B) **Caseload Educator / Specialized Instructional Support Personnel (SISP):** Educators who teach or counsel individual or small groups of students through consultation with the regular classroom teacher, for example, including, but not limited to: school nurses, guidance counselors, speech and language pathologists, and some reading specialists and some special education teachers and some ELL teacher and team chairs.
- C) **Classroom teacher:** Educators who teach preK-12 whole classes, and teachers of special subjects as such as unified arts, library, and health/wellness/physical education. May also include special education teachers and reading specialists who teach whole classes.
- D) **Categories of Evidence:** Multiple measures of student learning, growth, and achievement, observations and artifacts of professional practice, including unannounced observations of practice of any duration and additional evidence relevant to one or more Standards of Effective Teaching Practice (603 CMR 35.03).
- E) **District-determined Measures:** Measures of student learning, growth and achievement related to the Massachusetts Curriculum Frameworks, Massachusetts Vocational Technical Education Frameworks, or other relevant frameworks, that are comparable across grade or subject level district-wide. These measures may include, but shall not be limited to: portfolios, approved commercial assessments and district-developed pre- and post-unit and course assessments, and capstone projects. The parties acknowledge the benefit and the expectation of collaboration across grade and subject level in developing district-determined measures.
- F) **Educator(s):** Inclusive term that applies to all classroom teachers and caseload educators, unless otherwise noted.

-
- G) **Educator Plan:** The growth or improvement actions identified as part of each Educator's evaluation. The type of plan is determined by the Educator's career stage, overall performance rating, and the rating of impact on student learning, growth and achievement. There shall be four types of Educator Plans:
- i) **Developing Educator Plan** shall mean a plan developed by the Educator and the Evaluator for one school year or less for an Educator without Professional Teacher Status (PTS); or, at the discretion of an Evaluator, for an Educator with PTS in a new assignment.
 - ii) **Self-Directed Growth Plan** shall mean a plan developed by the Educator for one or two school years for Educators with PTS who are rated proficient or exemplary.
 - a. A Two-year Self-Directed Growth Plan is for those Educators with PTS who have an overall rating of proficient or exemplary, and after 2013-2014 whose impact on student learning is moderate or high.
 - b. A One-year Self-Directed Growth Plan is for those Educators with PTS who have an overall rating of proficient or exemplary, and after 2013-2014 whose impact on student learning is low. In this case, the Evaluator and Educator shall analyze the discrepancy between the summative evaluation rating and the rating for impact on student learning to seek to determine the cause(s) of the discrepancy.
 - iii) **Directed Growth Plan** shall mean a plan developed by the Educator and the Evaluator of one school year or less for Educators with PTS who are rated needs improvement.
 - iv) **Improvement Plan** shall mean a plan developed by the Evaluator of at least 30 school days and no more than one school year for Educators with PTS who are rated unsatisfactory with goals specific to improving the Educator's unsatisfactory performance. In those cases where an Educator is rated unsatisfactory near the close of a school year, the plan may suggest, but not require, a range of activities during the summer preceding the next school year.
- H) **ESE:** The Massachusetts Department of Elementary and Secondary Education.
- I) **Evaluation:** The ongoing process of defining goals and identifying, gathering, and using information as part of a process to improve professional performance (the "formative evaluation" and "formative assessment") and to assess total job effectiveness and make personnel decisions (the "summative evaluation").
- J) **Evaluator:** Any person, designated by the superintendent, who holds an active administrative license and has responsibility for observation and evaluation. The Evaluator is responsible for judging professional practice. The superintendent is responsible for ensuring that all evaluators have training in the principles of supervision and evaluation. Each classroom teacher and caseload educator will have one evaluator responsible for determining performance ratings.

The classroom teacher and caseload educator shall be apprised of his/her evaluator at the beginning of the academic year.

Each classroom teacher and caseload educator who is assigned to more than one building will be evaluated by the appropriate licensed administrator where the individual is primarily assigned or assigned most of the time. The principal of each building in which the

classroom teacher and caseload educator serves must review and sign the evaluation. The principal in each building may contribute evidence to the evaluation after conferencing with the educator. In cases where there is no predominant assignment, the superintendent will determine who the primary evaluator will be.

- i) **Primary Evaluator** shall be the person who determines the Educator's performance ratings and evaluation, and be the person responsible for developing the Educator Plan, supervising the Educator's progress through formative assessments, evaluating the Educator's progress toward attaining the Educator Plan goals, and making recommendations about the evaluation ratings to the primary Evaluator at the end of the Educator Plan.
- ii) **Contributing Evaluator** may complete an observation with feedback to add to the information and evidence provided to the teacher and the Primary Evaluator for use in the evaluation. Either the Educator or the Primary Evaluator may request an observation from a Contributing Evaluator.
- K) **Evaluation Cycle:** A five-component process that all Educators follow consisting of 1) Self-Assessment; 2) Goal-setting and Educator Plan development; 3) Implementation of the Plan; 4) Formative Assessment/Evaluation; and 5) Summative Evaluation.
- L) **Experienced Educator:** An educator with Professional Teacher Status (PTS).
- M) **Family:** Includes students' parents, legal guardians, foster parents, or primary caregivers.
- N) **Formative Assessment:** The process used to assess progress towards attaining goals set forth in Educator plans, performance on standards, or both. This process may take place at any time(s) during the cycle of evaluation, but typically takes place at mid-cycle.
- O) **Formative Evaluation:** An evaluation conducted at the end of Year 1 for an Educator on a 2-year Self-Directed Growth plan which is used to arrive at a rating on progress towards attaining the goals set forth in the Educator Plan, performance on Standards and Indicators of Effective Teaching Practice, or both.
- P) **Goal:** A specific, actionable, attainable, relevant, time-bound and measurable area of improvement as set forth in an Educator's plan. A goal may pertain to any or all of the following: Educator practice in relation to Performance Standards, Educator practice in relation to indicators, or specified improvement in student learning, growth and achievement. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the same role.
- Q) **Measurable:** That which can be classified or estimated in relation to a scale, rubric, or standards.
- R) **Multiple Measures of Student Learning:** Measures must include a combination of classroom, school and district assessments, student growth percentiles on state assessments, if state assessments are available, and student MEPA / language proficiency gain scores. This definition may be revised as required by regulations or agreement of the parties upon issuance of ESE guidance expected by July 2012.
- S) **Observation:** A data gathering process that includes notes and judgments made during one or more classroom or worksite visits(s) of any duration by the Evaluator and may include examination of artifacts of practice including student work. An observation may occur in person or through video. By mutual agreement by Evaluator and Educator, video

observations may be used in conjunction with in person observation Classroom or worksite observations conducted pursuant to this article must result in feedback to the Educator using agreed upon written protocols. Normal supervisory responsibilities of department, building and district administrators will also cause administrators to drop in on classes and other activities in the worksite at various times as deemed necessary by the administrator. Carrying out these supervisory responsibilities, when they do not result in targeted and constructive feedback to the Educator, are not observations as defined in this Article. Observations may be of any duration. Philosophically, the parties agree that many unannounced observations will range from about 10 minutes to the length of the lesson.

- T) **Parties:** The parties to this agreement are the Ashland School Committee and the Ashland Educator's Association that represents the Educators covered by this agreement for purposes of collective bargaining
- U) **Performance Rating:** Describes the Educator's performance on each performance standard and overall. There shall be four performance ratings:
 - Exemplary: the Educator's performance consistently and significantly exceeds the requirements of a standard or overall. The rating of exemplary on a standard indicates that practice significantly exceeds proficient and could serve as a model of practice on that standard district-wide.
 - Proficient: the Educator's performance fully and consistently meets the requirements of a standard or overall. Proficient practice is understood to be fully satisfactory.
 - Needs Improvement: the Educator's performance on a standard or overall is below the requirements of a standard or overall, but is not considered to be unsatisfactory at this time. Improvement is necessary and expected.
 - Unsatisfactory: the Educator's performance on a standard or overall has not significantly improved following a rating of needs improvement, or the Educator's performance is consistently below the requirements of a standard or overall and is considered inadequate, or both. Oked
- V) **Performance Standards:** Locally developed standards and indicators pursuant to M.G.L. c. 71, § 38 and consistent with, and supplemental to 603 CMR 35.00. The parties may agree to limit standards and indicators to those set forth in 603 CMR 35.03.
- W) **Professional Teacher Status:** PTS is the status granted to an Educator pursuant to M.G.L. c. 71, § 41.
- X) **Rating of Educator Impact on Student Learning:** A rating of high, moderate or low based on trends and patterns on state assessments and district-determined measures. The parties will negotiate the process for using state and district-determined measures to arrive at an Educator's rating of impact on student learning, growth and achievement, using guidance and model contract language from ESE, expected by July 2012.
- Y) **Rating of Overall Educator Performance:** The Educator's overall performance rating is based on the Evaluator's professional judgment and examination of evidence of the Educator's performance against the four Performance Standards and the Educator's attainment of goals set forth in the Educator Plan, as follows:
 - i) Standard 1: Curriculum, Planning and Assessment

-
- ii) Standard 2: Teaching All Students
 - iii) Standard 3: Family and Community Engagement
 - iv) Standard 4: Professional Culture
 - v) Attainment of Professional Practice Goal(s)
 - vi) Attainment of Student Learning Goal(s)
- Z) **Rubric:** A scoring tool that describes characteristics of practice or artifacts at different levels of performance. The rubrics for Standards and Indicators of Effective Teaching Practice are used to rate Educators on Performance Standards, these rubrics consists of:
- i) Standards: Describes broad categories of professional practice, including those required in 603 CMR 35.03
 - ii) Indicators: Describes aspects of each standard, including those required in 603 CMR 35.03
 - iii) Elements: Defines the individual components under each indicator
 - iv) Descriptors: Describes practice at four levels of performance for each element
- AA) **Summative Evaluation:** An evaluation used to arrive at a rating on each standard, an overall rating, and as a basis to make personnel decisions. The summative evaluation includes the Evaluator's judgments of the Educator's performance against Performance Standards and the Educator's attainment of goals set forth in the Educator's Plan.

 - A) An Educator may receive a rating of Needs Improvement on either Standard III or IV and still receive a Proficient rating overall.
 - B) A rating of Proficient on Standard I may include no more than three Needs Improvement ratings on elements with no more than 1 Needs Improvement rating under each indicator.
 - C) A rating of Proficient on Standard II may include no more than three Needs Improvement ratings on elements with no more than one Needs Improvement rating under each indicator.

 - G) In Standard III, no more than one unsatisfactory rating on any element makes the Standard unsatisfactory.
 - H) In Standard IV, no more than two unsatisfactory rating on any element makes the Standard unsatisfactory.
 - 5) **Evaluation Cycle: Training**
 - A) Prior to the implementation of the new evaluation process contained in this article, districts shall arrange training for all Educators, principals, and other evaluators that outlines the components of the new evaluation process and provides an explanation of the evaluation cycle. The district through the superintendent shall determine the type and quality of training based on guidance provided by ESE. Training will take place during the contractual work-day or by mutual agreement.

Any Educator hired after the November 1st date, and who has not previously completed such an activity, shall complete such a professional learning activity about self-assessment and goal-setting within 30 school days of the date of hire. The district through the superintendent shall determine the type and quality of the learning activity based on guidance provided by ESE. d

7) Evaluation Cycle: Goal Setting and Development of the Educator Plan

- A) Every Educator has an Educator Plan that includes, but is not limited to, one goal related to the improvement of practice; one goal for the improvement of student learning. The Plan also outlines actions the Educator must take to attain the goals established in the Plan and benchmarks to assess progress. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the similar roles and/or responsibilities. (See Sections on Educator Plans.)
- B) To determine the goals to be included in the Educator Plan, the Evaluator reviews the goals the Educator has proposed in the Self-Assessment, using evidence of Educator performance and impact on student learning, growth and achievement based on the Educator's self-assessment and other sources that Evaluator shares with the Educator. The process for determining the Educator's impact on student learning, growth and achievement will be determined after ESE issues guidance on this matter. See #22, below.
- C) Educator Plan Development Meetings shall be conducted as follows:
 - i) Educators in the same school may meet with the Evaluator in teams and/or individually at the end of the previous evaluation cycle or by October 15th of the next academic year to develop their Educator Plan. Educators shall not be expected to meet during the summer hiatus.
 - ii) For those Educators new to the school, the meeting with the Evaluator to establish the Educator Plan must occur by October 15th or within six weeks of the start of their assignment in that school
 - iii) The Evaluator shall meet individually with Educators with PTS and ratings of needs improvement or unsatisfactory to develop professional practice goal(s) that must address specific standards and indicators identified for improvement. In addition, the goals may address shared grade level or subject matter goals.
- D) The Evaluator completes the Educator Plan by November 1st. The Educator shall sign the Educator Plan within 5 school days of its receipt and may include a written response which will be attached to the plan. The Educator's signature indicates that the Educator received the plan in a timely fashion. The signature does not indicate agreement or disagreement with its contents. The Evaluator retains final authority over the content of the Educator's Plan.

8) Evaluation Cycle: Observation of Practice and Examination of Artifacts – Educators without PTS

-
- A) In the first year of practice or first year assigned to a school:
- i) The Educator shall have at least one announced observation during the school year using the protocol described in section 11B, below.
 - ii) The Educator shall have at least four unannounced observations during the school year.
- B) In their second and third years of practice or second and third years as a non-PTS Educator in the school:
- i) The Educator shall have at least one announced observation during the school year using the protocol described in section 11B, below.
 - ii) The Educator shall have at least three unannounced observations during the school year.
- 9) **Evaluation Cycle: Observation of Practice and Examination of Artifacts – Educators with PTS**

- C) The Educator whose overall rating is unsatisfactory must be observed according to the Improvement Plan which must include both unannounced and announced observation. The number and frequency of the observations shall be determined by the Evaluator, but in no case, for improvement plans of one year, shall there be fewer than one announced and four unannounced observations. For Improvement Plans of six months or fewer, there must be no fewer than one announced and two unannounced observations.

Developing Educator, year 2 & 3	3	1
Educator Plan	Minimum Number of Unannounced observations	Minimum Number of Announced observations
2 year Self Directed	1	0
1 year Self Directed	1	0

Teachers will be observed a minimum number of times per educator plan cycle as follows:

10) **Observations**

The Evaluator's first observation of the Educator should take place by November 15. Observations required by the Educator Plan should be completed by May 15th. The Evaluator may conduct additional observations after this date. The Evaluator is not required nor expected to review all the indicators in a rubric during an observation. The parties agree that individual teaching styles vary and not all of the indicators on the rubric may be observed during any one class or lesson.

A) **Unannounced Observations**

- i) Unannounced observations may be in the form of partial or full-period classroom visitations, Instructional Rounds, Walkthroughs, Learning Walks, or any other means deemed useful by the Evaluator, principal, superintendent or other administrator.
- ii) The Educator will be provided with at least brief written feedback from the Evaluator within 3-5 school days of the observation. The written feedback shall be provided electronically to the educator using the District tool (currently TeachPoint).
- iii) Any observation or series of observations resulting in one or more standards judged to be unsatisfactory or needs improvement for the first time must be followed by at least one unannounced observation of at least 30 minutes in duration within 30 school days. No other observations may take place until the day after the feedback has been provided.
- iv) An observation which may result in disciplinary action shall be brought to the attention of the educator within 2 school days at a post observation conference where both the educator, the evaluator and, at the request of the educator, an AEA representative can be present. The educator shall be given a written document that summarizes the issue, the action(s) to be taken to correct it, and a time frame for completion of such actions.

B) **Announced Observations**

- i) All non-PTS Educators in their first three years in the school, PTS Educators on Improvement Plans and other educators at the discretion of the evaluator shall have at least one Announced Observation.
 - (a) The Evaluator shall select the date and time of the lesson or activity to be observed and discuss with the Educator any specific goal(s) for the observation.
 - (b) Within 5 school days of the scheduled observation, the Evaluator and Educator shall meet for a pre-observation conference. The Educator will inform the Evaluator in writing of the nature of the lesson, the student population served, and any other information that will assist the Evaluator to assess performance
 - (1st) The Educator shall provide the Evaluator a draft of the lesson, student/parent conference, Team meeting, group activity plan. If

the actual plan is different, the Educator will provide the Evaluator with a copy prior to the observation.

- (2nd) The Educator will be notified as soon as possible if the Evaluator will not be able to attend the scheduled observation. The observation will be rescheduled with the Educator as soon as reasonably practical. A new pre observation conference will be held if necessary.
- (c) Teachers will complete a written reflection in advance of their post observation conference as a way to prepare for the conference with the evaluator. The educator will keep the form to use with their self assessments in the future.
- (d) The Evaluator shall provide the Educator with written feedback within 5 school days of the post-observation conference. For any standard where the Educator's practice was found to be unsatisfactory or needs improvement, the feedback must:
 - (1st) Describe the basis for the Evaluator's judgment.
 - (2nd) Describe actions the Educator must take to improve his/her performance.
 - (3rd) Identify support and/or resources the Educator may use in his/her improvement.
 - (4th) State that the Educator is responsible for addressing the need for improvement.

- iii) An observation which may result in disciplinary action shall be brought to the attention of the educator within 2 school days at a post observation conference where both the educator, the evaluator and an AEA representative can be present. The educator shall be given a written document that summarizes the issue, the action(s) to be taken to correct it, and a time frame for completion of such actions. Within 5 school days of the observation, the Evaluator and Educator shall meet for a post-observation conference. This timeframe may be extended due to unavailability on the part of either the Evaluator or the Educator, but shall be rescheduled within 24 hours if possible.

11) **Evaluation Cycle: Formative Assessment**

- A) A specific purpose for evaluation is to promote student learning, growth and achievement by providing Educators with feedback for improvement. Evaluators are expected to make frequent unannounced visits to classrooms. Evaluators are expected to give targeted constructive feedback to Educators based on their observations of practice, examination of artifacts, and analysis of multiple measures of student learning, growth and achievement in relation to the Standards and Indicators of Effective Teaching Practice.
- B) Formative Assessment will be ongoing throughout the evaluation cycle but typically takes place mid-cycle when a Formative Assessment report is completed. For an Educator on a

two-year Self-Directed Growth Plan, the mid-cycle Formative Assessment report is replaced by the Formative Evaluation report at the end of year one. See section 13, below.

- C) The Formative Assessment report provides written feedback and ratings to the Educator about his/her progress towards attaining the goals set forth in the Educator Plan, performance on Performance Standards and overall, or both
- D) No less than ten school days before the due date for the Formative Assessment report, which due date shall be established by the Evaluator with written notice to the Educator, the Educator shall provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may provide to the evaluator additional evidence of the educator's performances against the four Performance Standards.
- E) The Evaluator and the Educator will meet either before or after completion of the Formative Assessment Report.
- F) The Evaluator shall complete the Formative Assessment report and provide a copy to the Educator. All Formative Assessment reports must be signed by the Evaluator and delivered electronically to the educator using the District tool (currently TeachPoint).
- G) The Educator may reply in writing to the Formative Assessment report within 5 school days of receiving the report.
- H) The Educator shall sign the Formative Assessment report within 5 school days of receiving the report. The signature indicates that the Educator received the Formative Assessment report in a timely fashion. The signature does not indicate agreement or disagreement with its contents.
- I) As a result of the Formative Assessment Report, the Evaluator may change the activities in the Educator Plan.
